# Woodworth SPS Construction

## 4 Joyce Street

To Whom It May Concern,

The City of St. Thomas is pleased to inform you that construction will be carried out on your street. This letter provides project details and information regarding impacts during construction.

## Project Details:

**Location:** **Woodworth Sewage Pumping Station** – 4 Joyce Street

**Schedule:** Tentative Start Date – April 2026
Anticipated Completion – April 2028

**Scope:**

- Construction of a new pump station
- Sanitary sewers and manhole upgrades in Woodworth Ave
- Storm sewer and site grading works
- Watermain and private services to property line
- New curb, gutter and asphalt on Woodworth Ave from Joyce St to Highway 3

## E-mail Updates:

If you are interested in receiving e-mails with project status updates during construction, send an e-mail to panckaert@stthomas.ca. **For more information, please visit www.stthomas.ca/WoodworthSPS**

## Contact Information:

Questions/concerns regarding construction should be brought to Project Manager's attention.

**City Senior Project Manager**
**Patrick Ackaert, P.Eng., GDPA**
C 226-378-3671
panckaert@stthomas.ca

Sincerely,

Patrick Ackaert, P.Eng., GDPA
Senior Project Manager

# IMPORTANT PLEASE READ

## Impacts During Construction:

**Traffic:** Expect that there will be an increase in construction traffic to the roads immediately adjacent to the project site. Please be mindful that vision can be difficult in large pieces of construction equipment and use caution when driving in the vicinity of the project site.

**Access:** Access to Woodworth Ave north of Joyce St will not be maintained for the duration of the project.

**Parking:** On street parking is not recommended due to increased volumes of construction traffic.

**Water Impacts:** Water service will generally be maintained throughout the project. There may be periods of time when connections are made to the new infrastructure that water may not be available. Notice would be given to residents in advance of this work.

**Vibration:** Construction equipment can cause vibrations. Please ensure you protect any valuables susceptible to damage if you are in close vicinity to the project site.

**Safety:** Stay safe and avoid the work area during construction. Always maintain a safe distance from construction vehicles entering and leaving the site**. Take caution when moving through the construction site.**
