Construction Update # 11

UPDATE NO.:	**11**	CONTRACT NO.	**26003**
DATE ISSUED:	**July 9th, 2026**		
PROJECT NAME:	**Alma Street Construction – Phase 1 Talbot St. to CN Rail Tracks**		

Since our last update, Cassidy has made significant progress, with all underground infrastructure work in Phase 1 expected to be complete by the end of this week.

Residents between Kains Street and Talbot Street have now been connected to the new watermain and are receiving service from the new system.

Watermain testing and commissioning will continue on the section between Kains Street and the CN Rail tracks. Pending successful testing, residents within this section are expected to be connected to the new watermain by the middle to end of next week.

As the underground work wraps up, crews will continue preparing the roadway for reconstruction, including final grading and road base preparation. Curb installation is tentatively scheduled to begin the week of July 20, weather and site conditions permitting.

Some Phase 2 removals work is tentatively scheduled to start in the coming weeks as work in Phase 1 starts to wrap up, more details will be delivered to prior to the start of this work.

We appreciate your continued patience and cooperation throughout construction and will continue to provide updates as work progresses.

Detailed information about the project is available at https://www.stthomas.ca/almastreet

Work completed to date:

- All underground service completed (Phase 1)
- Water Service switch overs (Talbot to Kains Street)

Work scheduled for the next week:

- Watermain Testing
- Water Hookups
- Roadway preparation
- Curb placement (Tentatively scheduled for July 20th)

If you have questions about how this work affects you, please visit our Frequently Asked Questions:
www.stthomas.ca/construction-faq

Road Closures and Access:

- Alma Street from Talbot St. to Nolan St. will be closed for the duration of Phase 1 of Construction but open to local traffic only.
- Driveway access may be interrupted periodically during construction. Notification will be provided in advance of a driveway access disruption.
- Road closure information within the City of St. Thomas can also be found at www.municipal511.ca

Construction Safety:

- Your safety is very important to us. Please respect the work zone.
- Please use caution when using the street or sidewalks near the construction limits.
- Maintain a safe distance from any moving equipment, stock piles or trenches.
